SUN BEAMS

By WALTER M. BARRETT

It may not be good taste to talk about your personal or business accomplishments, or the value of your product, but for the benefit of some who may still be under the false impression that Sierra Sun advertising doesn't bring results, we want to tell you of a recent incident. One of Truckee's leading merchants two or three weeks ago advertised chestnuts as a grocery special. A few days later he received an order from a subscriber of the Sun in Alaska, with the money for the nuts and postage enclosed. While we don't feel that the incident is unusual we just want to call your attention to the fact that if Sierra Sun advertising gets results from far away Alaska, that it will also bring results in greater proportions from local buyers. The moral is if advertising pays—and no doubt of this exists—then it pays to advertise in the Sierra Sun.

Just in event you didn't recognize that picture of a charming young girl in the foreground of a beautiful winter scene on the front page of a special Winter Sports edition of the Sacramento Bee Tuesday night, we want to advise you that it was the likeness of Miss Elfie Edmunds, attractive daughter of Mr. and Mrs. C. Edmunds of Truckee. The background comprises only a small part of Truckee's natural winter sports wonderland. We congratulate the Bee on its selection of art, but we feel that a word of explanation would not have been amiss.

Alert to the splendid winter sports advantages in Truckee, the Southern Pacific has announced it will inaugurate a special service for its patrons between San Francisco and here each Friday and Saturday starting next week and continuing through February. Last winter there were a few disappointments for winter sport enthusiasts who came to Truckee, but this winter we have added the new ice rink and if for no other reason, the Southern Pacific believes this one item alone still keeps this region ahead of others in the state.

New Year's Day has come and gone and New Year's resolutions have been made and many no doubt broken. Oh, well, we can start all over again next year with a brand new bunch, but in the meatime don't forget that one which by all means should not be broken and we mean that one about trading at home during 1938.

Truckee continues to grow—not with the fatal booming growth, but consistently and surely. As evidence of this fact, we offer the postal receipts for the past quarter and above all other indicators of a community's development or decline, the stamp sales. The postmaster reports that each year shows this business barometer rising.

FREEZING WEATHER GIVES HOPES FOR TRUCKEE ICE BOWL

Although the weather was too mild to freeze the water in the new Truckee Ice Bowl last week these past few days have had an inclination to have the rink in good shape for the coming week end, C. Edmunds, winter sports manager, said.

Weather forecasts are for clear and cold weather, with any kind of a storm still unpredicted for the near future.

GAIENNIE WILL HAVE CHARGE OF PROGRAM FOR LIONS MEETING

Frank Gaiennie will be chairman of the entertainment committee for nevt week's session at the California Cafe and promises a show well worth viewing. All members have been urged to attend. Last night's meeting was featured by only routine business, although the attendance was near the 100 per cent mark. Mr. and Mrs. R. L. Jefford and Mr. and Mrs. K. Heffner all of Grass Valley were guests.

TAHOE SKI CLUB TO MEET ON FRIDAY AT OLD SCHOOL

Tahoe Ski Club members are urged to attend the meeting at the little old school house adjacent to the new buildng on Friday night at 8 o'clock. Plans will be made for transportation of as many members as possible to Sacramento on January 8 for the crowning of the winter sports queen. Tahoe's entry is Miss Helen Worden.

SOUTHERN PACIFIC TO START SPECIAL EXCURSIONS HERE

New System To Start Next Week and Continue In February

Commencing Friday, January 14 the Southern Pacific will inaugurate a special Pullman service from San Francisco each Friday and Saturday until February 20 when the service is expected to be augmented by as many trains as required to bring the winter sport enthusiasts to Truckee and Tahoe.

During the first few weeks of the service, officials said, only exta Pullmans will be attached to regular trains, but will be spotted "on steam" in Truckee.

The Friday special will arrive at 2:10 a. m. and depart on Sunday at 2 p. m. The Saturday special will arrive at 2:10 a. m. and depart for San Francisco at 11:30 p. m. on Sunday. This schedule gives those who desire a full week end and Sunday to enjoy the winter sports here.

POSTAL RECEIPTS IN TRUCKEE CONTINUE TO SHOW INCREASE

Again Truckee's most reliable business barometer shows that this area is still on the uptrend.

Postal receipts for the past quarter of the year, according to Postmaster E. C. Bavier, were $19,392.18.

This represents an increase of $364.45 over the same period of last year.

Stamp sales showed an increase of $89.13 over last December, Mrs. Bavier said, indicating the steady and consistent growth of the district.

MOTHER OF LOCAL MAN IS INJURED BY FALL ON WALK

Mrs. C. H. Karchner, 80, of Nevada City, mother of Frank Wilson of Truckee, had the misfortune to fall on the ecment sidewalk not far from her home recently and struck her left arm, splitting the bone. She also suffered bruises and cuts on the lower part of her face.

Mrs. Wilson is in the county seat caring for Mrs. Karchner who is getting along as well as can be expected.

POPULATION IN THIS COUNTY ESTIMATED AT 17 THOUSAND

Population of Nevada county, as of January 1, 1938, is estimated to be 17,000 according to the California Taxpayers' Association. This is an estimated increase of 6,404 persons, as compared with the 1930 census figure of 10,596 persons.

The total population of California is estimated by the association as 3,576,000 as of January 1. The 1930 census showed the population of the state to be 5,677,251 persons.

WYETHIA MEMBERS PLAN FOR MEETING LATER THIS MONTH

Members of the Wyethia Club met at the home of Mrs. J. B. Maxsom on Thursday afternoon to prepare for future meetings.

At the close of the discussion, delicious refreshments were served by the hostesses, Mrs. Jennie Watkins and Mrs. Maxsom.

Another meeting has been scheduled for this month, the date to be announced later.

SISTER OF TRUCKEE WOMAN WEDS IN RENO

Mr. and Mrs. Samuel Finley of Red Bluff were married at simple wedding service in Reno last Friday and returned here as guests of the latter's brother in law and sister, Mr. and Mrs. Dave Cabona, for several days.

Mrs. Finley has visied here several times and has a number of local friends.

Helen Worden To Represent Tahoe At Winter Meet

Young Tahoe Girl To Contest At Sacramento For Honors

Again this year Miss Helen Worden, 13 year old daughter of Mr. and Mrs. Henry Worden of the Sunnyside, Lake Tahoe, district, has been selected to represent the Lake Tahoe Ski Club at the annual Winter Sport Carnival in Sacramento on Saturday.

Last year Miss Worden was chosen but because of inclement weather the Tahoe entry in the queen contest did not make the trip.

Tahoe sends with Miss Worden, its best wishes and hopes for success in the rivalry.

BLAS CLECAK DIES IN SAN FRANCISCO WORD HERE SAYS

Word has been received here that Blas Clecak, who foremrly owned and operated the Saddle Rock Cafe here, died in San Francisco and funeral services were held on Tuesday in that city.

Clecak, who was well known here, left to live in the bay region about five years ago. He was a member of Summit Lodge, Knights of Pythias of Truckee.

His widow, a son and a daughter survive.

NEW YEAR'S DANCE PRONOUNCED BIG SUCCESS BY POST

True to predictions, the New Year dance, sponsored by Truckee Post, No. 439, American Legion was a huge success from the standpoint of entertainment and financially, Frank Kinne, chairman of the committee in charge reported.

It was estimated that more than 100 couples enjoyed the affair and departed with the knowledge they had been well entertained.

Several watch parties and New Year eve events preceded and followed the dance and aside from the fact that ice skating on the new rink was impossible because of the warm weather, Truckee enjoyed a festive start in 1938.

OUTING CLUB TO MEET

The Truckee Outing Club will meet tonight at 7:30 o'clock in the justice court chambers. A number of important matters are scheduled and a full attendance of members is requested.

Back From Trip—

Mr. and Mrs. George Pace have returned from a month's vacation trip in the southern part of the state.

One For Ripley; Pansies Bloom Here In January

Pansies and lilacs growing in the open in Truckee during January.

Sounds somewhat like a fairy tale, doesn't it? But we have the word of Dr. H. J. Bernard that the full grown and fresh pansy which adorned his coat lapel this week was a home product, raised in his yard and without protection from the elements.

"And," the doctor declared, "the lilacs are in full blossom."

Is it any wonder we experience a little trouble getting and keeping ice on our pond?

Colfax Editor Is Aspirant to Local Assembly Place

Thurman Again In Contest For Assembly Seat From This Area

With the announcement Assemblyman Jesse Mayo, of the Sixth district, comprising Nevada and nine other counies, would not make the race for the assembly but would seek the post vacated by Dan E. Williams of Tuolumne county, Allen G. Thurman of Colfax advises the Sierra Sun that he will again make the race for the assembly.

Thurman was the last candidate to oppose Mayo, losing to the incumbent in 1934. In that campaign Thurman carried Nevada and Placer counties and received nearly a half of the votes in El Dorado county for the Republican nomination.

THURMAN

Thurman is editor of the Colfax Record and former postmaster of that city.

He has been a resident of Colfax for the last 20 years. He is well known in Nevada county due to his interest in amateur sports, especially baseball. He is president of the Colfax Lions Club and is the immediate past president of the Donner Council of Lions International. He is a member of mining, agricultural and sportsmens organizations and in his statement issued in his newspaper last week pledged himself, if elected, to do his utmost to continue the good work done in behalf of mining, agriculture, conservation and other matters of importance to the district. He states that he is for sane legislation and economy in government. He will issue his platform to the voters in the near future.

CONTRACT AWARDED FOR BUILING OF NEW RENO HIGHWAY

Director of Public Works Earl Lee Kelly this week awarded a contract for highway improvement in Nevada and Sierra counties on Truckee-Reno Highway (U. S. 40).

The project will begin at a point about half a mile east of Hirschdale and will contiune to a point about half a mile north of Farad. The second portion of the job will extend from a point about one mile southwest of the state line to the state line.

The work w illconsist of about 6.8 miles of grading 28 feet wide and placing crusher run base 23 feet wide along the central portion, and surfacing the entire roadbed with plant-mix surfacing. The alignment and grade will closely follow the present alignment and existing grade with the exception of slight changes on curves.

The contract was awarded to the Union Paving Company of San Francisco at a price of $182,337, with additional work in the amount of $20,-112.98 to be done by the state.

Anne Gregory Is To Represent Truckee In Capital Contest

Judging Will Be Held Next Saturday In Capital Auditorium

Anne Gregory, attractive Truckee girl last week was the unanimous choice of the Truckee Outing Club to represent this famous snow sports center at the annual Sacramento Winter Sports Carnival to be held Saturday in the Memorial auditorium.

Truckee's queen candidate is an ardent member of the Outing Club an dalthough a tyro in the more or less gentle art of skiing and skating gives promise of becoming a star as she spends all her spare time on the new ice rink.

Mrs. Gregory is employed in the Truckee exchange of the Pacific Telephone and Telegraph company and is one of the popular young matrons of the community. Truckee will be looking forward to the crowning of Miss Truckee as queen of the capital carnival on Saturday.

BETTY SHEFFIELD TO WED HONOLULU MAN NEXT MONTH

An announcement of the engagement of Miss Betty Sheffield to James A. H. Wilder of Honolulu was made by the bride-elect's parents, Mr. and Mrs. Eugene S. Sheffield of Napa.

Mrs. S. Marshall Richardson of Truckee is Miss Sheffield's maternal grandmother and she is also the niece of W. V. Richardson of Reno.

The bride-elect received part of her education in Europe, returning to Napa and Santa Barbara to complete it. She has been engaged in newspaper work for some time.

Mr. Wilder, son of Mrs. James Wilder, is a graduate of Harvard with the class of '23 and also entered as a graduate student at Cambridge, England, on the Charles Henry Fiske 111, scholarship. He is a member of a prominent family residing in the Hawaiian Islands.

The couple met on board ship and the romance will culminate in the wedding ceremony in the late afternoon of February 5 in St. Clemen's Episcopal Church in Honolulu. Many parties and receptions have been given the bride to be, who visted here for several weeks last summer with her grandmother.

CHAMBERS NAMED DEFENDANT IN SUIT

Roderick Bierce, an Oakland salesman, this week filed suit against Dave Chambers, proprietor of the Hotel Woodland and the Title Guarantee and Insuranre Company for a total of $10,586.21 damages as the result of injuries he says he suffered last Oitober 14 in the vetibule of the hotel.

Bierce says the tile was wet causing him to fall and resulting in permanent injuries.

MEN ESCAPE DEATH AS CAR CRASHES ON LAKE HIGHWAY

McKelvy, Hoak, Injured As Car Crashes Into Tree On Tahoe Road

Two Truckee men, Larry McKelvy and Albert Hoak, narrowly escaped death or serious injuries shortly after 4 o'clock on New Year's Day when the big sedan driven by the former left the highway and crashed into a tree near the general store at Carnelian Bay.

The cause of the accident was not immediately known. The two men were returning to Truckee after a visit to Cal Vada, a resort owned by McKelvy when the car suddenly left the road.

Hoak was the most seriously hurt of the two. He suffered severe scalp wounds which necessitated more than a score of stitches to close. Bruises and shock added to his discomforture. McKelvy escaped with severe bruises. The car was demolished, but was covered by insurance.

A small dog belonging to McKelvy, a third passenger in the car, was not hurt.

The injured men were treated by Dr. J. H. Bernard of Truckee and the wrecked car was towed to the Tahoe City Garage.

FORECAST

This is the time of the year crystal-gazers and seers stare down the corridors of the future and proclaim their discoveries.

We don't know whether these free-lancing forecasters of history have set up a closed shop among themselves and established a uniform policy. But most of those so far heard from in New York, Paris and London, seem very much eye to eye as they peer into the next twelve months.

They're predicting a very tough time for Mussolini, and even worse luck for Japan. It's their general conclusion—and not only theirs—that Japan will suffer severe attacks on indigestion from those prodigious chunks of China she's attempting to gobble.

Hitler, according to the crystal gazers, will issue more trumpet blasts seeking the return of Germany's lost colonies—but all to no avail. The Russians will continue to tread on uneasy street for the next year as Stalin drives on with his purge to cleanse the country of "enemies."

Upon Spain's Civil War, the seers are in agreement with most political observers. They believe that struggle will drag on another twelve months—at least.

Though the forecasters expect Old Man Trouble to find plenty to keep him shuffling in Europe and Orient, they don't see him starting any major war in 1938.

We hope it's true. America is doing quite nicely without it.

TONGUES OF FIRE

And now America is seeing the Panay bombing in newspaper photographs and moving pictures. Though the incident is closed officially as far as the United States Government is concerned, the pictures will provide a permanent example of how to conduct war—a lesson, fortunately, this country has no need to learn.

Meanwhile, it becomes increasingly apparent the Panay incident has become a significant factor behind the further armament increases proposed for Amrica, particularly in building a "second to none navy." The world spent an approximate total of $11,857,000,000 on armaments in 1937—three timesas much as in 1913. That stupendous outlay is not expected to diminish appreciably during the present year, as the language of might, with its tongues of fire, continues to spread.

RED BADGES

The laughter and jibes of our fellow-men have long been powerful factors making for better behavior.

As weapons making for better automobile driving, they're something new. However, Judge James A Allen of Santa Ana is making use of their possibilities, and doing reckless drivers a service at the same time.

Instead of confiscating the automobiles of the offending drivers, as he formerly did, he now permits them to keep the car—but they must paint a red stripe around it. The stripe remains vividly emblazoned on the machine during the period the license is revoked. During this time, the offender may not drive the car himself but other people may.

But there's the rub—the car is markd by the red badge of resklessness.

PEACE TIME HEROES

....Peacetime disasters reveal the innate courage of mankind no less than war. The floods that recently ravaged several California communities as a result of the terrific storms, demonstrated one type of civilian heroism no less spectacular for having been performed in regular line of duty.

Scores of California newspapers have taken time out to commend the unceasing work of our power company employes and telephone linemen who struggled through the swirling waters to maintain uninterrupted service of power, lights and telephone communications against the ravages of storm and flood.

The stricken populations of inundated towns and isolated communities were rendered momentarily helpless, but their plight would have been far worse had it not been for these disciplined crews, working as a unit and as individuals, doing their best to keep lines clear and lights burning. Faced with landslides, washed out bridges, falling poles and wires down, they carried on in the teeth on emergency, performing feats of courage and daring, with no thought of reward or recognition beyond satisfaction of a job well done.

Hats off to these peacetime heroes.

Politically Speaking

By Jack Welter
United Press Staff Correspondent

SACRAMENTO, Jan. 6.—(UP) —The ney year 1938 will bring with it a political announcement which well may change the complexion of California's political makeup.

This will be a declaration of candidacy from Herbert C. Legg, Los Angeles County supervisor, for the Democratic nomination for the governorship, which Legg has advised Sacramento friends he will make early in January.

California has been predominantly Republican for years, but Legg's candidacy, if it works out the way his backers believe it may, conceivably could reverse the old order of things and give Democrats the upper hand for the first time in decades.

Legg will be the third man entering the Democratic guberatorial field. The two previously announced are State Senator Culbert L. Olson of Los Angeles and Congressman John F. Dockweiler, also of Los Angeles.

Additionally Federal Comptroller of the Currency J. F. T. O'Connor and Sheriff Dan Murphy of San Franicsco have been feeling the public pulse with an eye toward entering the Bourbon contest.

Republicans ranks, meantime remain silent with Gov. Frank F. Merriam regarded a certain starter and Lieut. Gov. George J. Hatfield a likely contestant. Wildest suggestion of the dying year was that Merriam will decline to seek reelection passing the gonfalon to Earl Lee Kelly, state director of public works.

At this point, political stratgists agree that Olson appears the strongest candidate of the three in the field, including Legg.

Olson's liberal politics have won him support of the CIO, while he purportedly is "acceptable to the AFOL," a posotion which undubtedly will be unique in the forthcoming elections.

Dockweiler, despite considerable early campaign activity, has yet to convey the impression of great strength. One San Francisco assemblyman said last week, however, that Dockweiler "looks like the man."

But Legg may upset both these theories. Observers close to the ringside believe that the Republican administration stands a good chance to be whipped in 1938 if the Democrats with a powerful voting majority can get together on a candidate acceptable to liberal and conservative fac

Traveling Around America

PUREST RACE ON EARTH

DWELLING on hundreds of emerald islets scattered in the Caribbean Sea along the Isthmus of Panama dwells a race which is believed to be the purest in existence—the San Blas Indians. The islands are reached in forty-five minutes by sea plane from Cristobal and the trip is one of the favored shore excursions taken by travelers stopping off in Panama on the weekly cruises to South America.

The San Blas Indians have been bred for probably more than a thousand years without intermarriage with foreigners or even with members of other Indian tribes—it is only recently that foreigners were admitted on the islands or that the women of the tribe were permitted to leave the islands. The San Blas have stubbornly resisted the white man's advances, and although in the region of South America first settled by the Spaniards they live practically as they did in Pizarro's day. Their rather large houses are built of bamboo, with thatched roofs, with kitchens in separate buildings. Furniture consists only of hammocks and crude benches or boxes; and dishes are usually cocoanut shells. In these homes which, like the Indians themselves, are spotlessly clean, the Indians live in happy contentment. Today they carry on quite an extensive trade with the mainland, transporting in their tippy little cayucas—cocoanuts, tortoise shells, and tagua nuts from their native shores.

ORGANIZATION IS FORMED TO PLAN NEW CIVIC CENTER

TAHOE CITY, Jan. 6.— At a special meeting held last Wednesday at Tahoe Inn, 22 Tahoe residents attending passed a resolution to form and maintain a ne wand independent organization to be known as the Tahoe Community Center Club. The meeting, presided over by Henry F. Droste, Tahoe atotrney, was held for the purpose of discussing the desirability of incorporating the new proposed community center building on the Tahoe Commons, space for a new local post office and also a branch of the Placer County library, which was inaugurated at the lake last year.

Tentative plans drawn and presented the group by the office of Norman R. Mayfield of Tahoe City, one of the lake's leading contractors, were unanimously approved. The attractive buildng will be 24 by 50 and is designed to be erected at the most logical and agreeable site so far proposed, the pine studded slope on the Commons just south of the Tahoe Inn and a short distance across the highway from it.

This spot, it was pointed out, provides plenty of parking space and is accessible sumemr and winter from the main highway and lakeshore drive.

The top floor will house the post office the full width of the building and the library, a stairway leading down to the large assembly room which will be used as the community meeting place, with rest rooms and a kitchen. Rustic finish and two large chimneys at either end will enhance the appearance and add to the beautification of the commons.

The post office and branch library would provide assistance in paying off indebtedness on the building and in continuing its upkeep, the revenue approximating $500 annually. This would be augmented by a charge for the use of the hall for anythinb of a commercial nature.

Three unnamed Tahoe men have offered the necessary financial assistance needed for the venture provided the post office is placed in the building and all that is now necessary is the consent and approval of the Placer supervisors and the local postmaster whose views have not been obtained.

A temporary board of trustees elected at last nipht's meeting to be placed in charge of managing the new club's affairs until such a time as the constitution and by-laws have been drawn up included Henry F. Droste, Mrs. George Bliss, Clarence Vernon, Mrs. Henry Werden and Carl Bechdolt. A second committee authorized to draw up the by-laws includes Judge George Bliss, Mrs. A. M. Henry and Clarence Vernon.

Tahoe . . . . Ramblings . .

(By SWANEE)

Miss Virginia Asal, daughter of Mrs. John Pingree of Tahoe Pines came from an eastern college to be with her mother for the holidays.

Mr. and Mrs. Henry Hinkle and children, Dickie and Marilyn left on Sunday for New Mexico where Prof. Hinkle is instructor in the college. They will remain until summer school session takes in at Tahoe again. Miss Sue Hinkle will leave Tahoe soon for Berkeley where she will attend University of California.

Mr. and Mrs. Joseph Duffee and daughter Eunice, left last week for an indefinite vacation which will take them to Sacramento and the bay cities.

Miss Lillian Vernon has returned to Sacramento Junior College and Miss Kathleen Starratt, James Worden have returned to the University of Nevada following the holiday vacation at Tahoe. Junior Henry left for Polytechnic College at San Luis Obispo on Sunday.

Mr .and Mrs. Carl Bechdolt, Jr., have taken a house in Reno in order that the former may attend the University of Nevada.

Word received from friends of Mrs. Muray Smith, who left here some time ago to live in Vermont, declares she is undergoing a sick spell and would appreciate a cheery note from her old neighbors and friends .

Mr .and Mrs. Charles Swanson entertained at a New Year's eve party at their home in the Sunnyside district, cards and refreshments preceding the midnight buffet supper. The guests included Mr. and Mrs Bob Wallace and daughter, Georgia of Truckee, Mr .and Mrs. James Ferguson and two sons, Miss Marie Miller, Carl Brooks and Mr. and Mrs. Swanson and son Jimmie.

Mrs. Betty Stevens was the guest of the Henry Hinkles over the Christmas holidays.

The University of Nevada will be host on Sunday next, providing there is sufifcient snow, to 14 colleges of California which have been invited to a meet to be held on the new ski hill at Galena Hill in Nevada. All four major events will be featured. The meet scheduled for Cisco last Sunday was called off.

Mr .and Mrs. Weller Atherton of Tahoe motored to Stockton last week accompanied by Atherton's two sons. Leslie and Allen, who have been enjoying a vacation here.

Mr. and Mrs. Dick Fisher of Crystal Bay spent New Year's Day as the guests of the Frank Schneiders at Glenbrook. Others present were Mr. and Mrs. Fred Hauser of Glenbrook.

Fred Barton has returned from Oakland to his Crystal Bay home for the winter.

Mr. and Mrs. Ed. Singleton of Sparks enjoyed the holidays at their King's Beach home.

Mr .and Mrs. C. A. Swanson and son Jimmie, Miss Marie Miller of Reno and Carl Brooks were dinner guests of the Bud Mandevilles at their King's Beach home on New Year Day.

LOCAL SUPPORTERS OF DOCKWEILER PREPARE CAMPAIGN

Local friends of Congressman John F. Dockweiler, Democratic candidate for governor of California this week announced plans to open the campaign locally, declaring that a study of his record and platform makes a "The man California needs."

Although it has been said he is too young an experienced for the job he seeks, a study of his congressional record discounts this statement. He has represented the 16th District for six years and has materially aided in securing the following projects for California and the nation: Central Valleys Water project, All-American canal, dregding of San Diego harbor, new army air base at Sacramento, increased nava lequipment and personnel, farm loans, P. W. A. projects, and all federal relief and federal housing appropriations for California passed through this committee, supproted and promoted by Dockweiler.

Dockweiler is a Native Son and was born and educated in Los Angeles.

SNOW ENTHUSIASTS ENJOY HOLIDAY IN TAHOE'S REGION

TAHOE CITY, Jan. 6.— Old Man Winter lent a kindly ear to the pleas of California ski enthusiasts vacationing over the holidays at Tahoe, sending ample snowfall just before Christmas to insure tobogganing, skiing and skating, both here and on Truckee's new ice pond. Mild flurries of snow and light rain failed to dampen the visitors' ardor for this increasingly popular sport.

The town's leading hotel, Tahoe Inn, open the year round, was jammed to overflowing with jolly merrymakers who crowded the dining room the lobby and the new lounge for the gala New Year's eve dance.

Those who were unable to secure accomodations there readily accepted rooms in private homes and resorts were thrown open for them.

TWO VETERANS OF SOUTHERN PACIFIC GIVEN RETIREMENT

SACRAMENTO, Jan. 6.—(UP) — Two veteran Southern Pacific telegraphers, W. W. McClintock and Edwin L. Sharpe, who together amassed nearly a century of service, recently retired on the same day.

"We worked together so long we thought we might as well quit together," Sharpe said. "We would have to quit anyway at 70."

Sharpe, 69, left 51 years of railroading behind. McClintock, in his sixties, saw more than 40 years of service.

Locomotives depended exclusively on wood for fuel and the Morse code was used to send dispatches when the men first joined the company.

TAHOE COUPLE ARE HOSTS FOR JOLLY HOLIDAY AFFAIR

TAHOE CITY, Jan. 6.— One of the most enjoyable holiday parties held in the Tahoe region was the one staged by Mr. and Mrs. William Rindfleisch, former Sacramento residents, who have resided at Brockway for the past two years.

Not only did they celebrate in a royal manner the passing of the old year, but they also observed their second wedding anniversary. Noise makers, serpentine, paper hats and confetti added much hilarity to the evening which was highlighted by the distribution of josh gifts from the beautifully decorated Christmas tree. Peppy dance rhythms were provided by Mrs. Laughlin on her guitar and Mrs. Hoops on the hamonica and a lively floor show was staged by various members of the group.

Refreshments were served at midnight and dancing continued until the small hours.

Participating in the festivities were Mr. and Mrs. Rindfleisch and Mr. and Mrs. Robert Long of Brockway, Mr. and Mrs. Dick Fisher of Crystal Bay, Mr. and Mrs. Fred Barton of Carnelian Bay, Mr. and Mrs. Andy Welsh and children of King's Beach, Mr. and Mrs. F. Singleton of Sparks and Mr. and Mrs. George Hoops and daughter Margaret of Tahoe Vista.

Eugene Re and Charles Swanson were among the Tahoans in Truckee on Tuesday.

FIRE LOSSES DURING PAST YEAR FAR LESS THAN BEFORE

SACRAMENTO, Jan. 6.—(UP) — California cut the toll of its annual forest fire season by $1,321,384 during 1937 and 702,839 fewer acres of merchantable timber, brush and grass land were burned than in 1936, the department of natural resources reported at the year end.

Director George D. Nordenholt's figures showed there were 673 fewer fires during the year just ended than during 1936. Fire wardens attribute the greatly decreased fire losses principally to more favorable weather conditions ,including absence of high, dry winds which spread a number of 1936 fires to serious proportions.

POLITICALLY SPEAKING

tions of their party.

To this schol of thinkers, Legg has appeared from the first as a prospective "white hope." It is on this premise that his campaign will be built.

His activities on the Los Angeles board of supervisors, particularly in the relief field, have been sufficiently liberal to satisfy the more radical elements, it is contended. On the other hand, his general attitude of conservatism may satisfy htat wing of the party which labels Olson a radical and Dockweiler as too young and inexperienced.

Legg seems certain to convey this impression to the voters. Tall, bespectacled and soft-spoken, his physical appearance it that of a scholar. His speech and actions are precise. His words seem to be weighed and products of deliberate thought.

On first acquaintance, you will receive the impression that Legg will not make a dynamic, mob-swaying political figure. Yet his close friends will wave aside this suggestion with the simple statement that "Herb doesn't get mad often, but when he does you should see him go."

Legg's favorite spearhead in the campaign field—an attribute bound to appeal particularly to voters of the San Joaquin and Sacramento Valleys—is reclamation and conservation.

He has a definite plan for reclaiming arid lands of the state and conserving its water, mineral and wild life resources. This apparently will be one of the chords he will strike loudest.

He started life as a printer's devil and ascended through numerous stratas of private business to the place where he feels he is competent to direct the activities of California's $250,000,000 a year government. One of his proudest personal claims is that none of his various businesses ever failed.

He may be attacked—in fact, already has been criticized by administration lieutenants—for being a Republican who suddenly adopted Democratic affiliations. Others have remarked disparagingly that Legg failed to make a glowing success of his office as chairman of the Los Angeles board of supervisors.

Yet if Legg's campaign solidifies the Democrat party—catching on with sufficient enthusiasm— he may be the man to rout the Republicans and lead California Democrats from the bull rushes where they have been relegated for many years.

Here's One Reason for Japan's Success

More graphically than words, this picture tells one of the reasons for success of invading hosts of Japanese on Chinese soil. The picture was taken as Japanese advance troops entered the gates of Nanking, the stricken, one-time Chinese capital. It shows a Japanese soldier having his war equipment carried for him by a mule and a Chinese who, weak from hunger and privation, hired himself out as a beast of burden in order to get a few coins with which to buy food for himself and his family.

This Week At The State Capitol

By JOHN ABBOTT,
United Press Staff Correspondent

SACRAMENTO, Jan. 6.—(UP) — A report of the federal prison industries reorganization administration, covering needs of California's penal system, drew from Gov. Frank F. Merriam a comment that the recomendations coincide closely with plans now being carried out.

Reform measures suggested by the federal body included additional prison road camps and greater attention to the care of mentally defective delinquents. The report also advocated an expanded parole system in the belief many prisoners now confined should not be associated with the hardened criminals.

"It is gratifying to know th the recommendations made by t federal government are in line wit ideas for prison reform which no either are being tried ont in Califor nia or are in process of formulation or for which we are considering new legislation," the governor said.

Concerning need of additional pri son facilities, the governor added.

"We have long realized the need of [illegible] in this state and I gave my support and approval to legislation providing a two million dollar appropriation fo the construction of a new penitentiary to be known as the Southern California prison. We plan to put into effect in that institution a rehabilitation and educational program that will fulfill one of the recommendations contained in the report of the prison industries reorganization administration."

Much attention already has been given to the questions of probation and parole, the governor pointed ont. He said, however, he does not approve of any "law parole system." He believes the laws governing the systemy might be modified.

Of state wide importance to consumers and producers of milk, the second public hearing in connection with proposed changes in the retail and wholesale milk prices will be held at Los Angeles January 14 and 15. Heairngs already have been held for the Oakland area.

Proposed amendments to the Los Angeles area wholesale milk stablization and marketing plan would reduce by three cents per pound fat the price paid by distributors to producers for class one milk.

Suggested changes in the Los Angeles retail scale would range 11 cents a quart to 12, depending on the milk fat content. Prices for home delivery would be set at one cent a quart less than milk sold in the stores

Charges by Thomas G Walker, trustee of the Pacific Brewing and Malting company ,that every brewer in California is violating the state's alcoholic beverage ace were met with a "gross exaggerations" reply by board officials.

Board secretary Dixwell Pierce said Walker's company was among those violating regulations.

""There may be some violations by brewers, just as there are traffic violations but the statement strikes me as gross exaggeration," Pierce said.

Justus F. Craemer state building and loan commissioner, revealed holiday checks from building and loan associations now in the process of liquidation were distributed to nearly 15,000 Californians. The checks totaled $523,557.

The state advisory prison board through Clarence Morrill, chief of the state bureau of criminal identification, dispatched two investigators to gather all details of the Siskiyou county triple slaying for which John and Coke Brite face execution on the Folsom prison gallows Jaunary 13.

The board is considering a request for commutation of sentence for the mountaineer brothers who were convicted of slaying two peace officers and a civilian while resisting arrest.

Before the governor may extend clemency, the recommendations of both the pardon board and the supreme court are necessary.

Niels Nielsen, secretary of the state traffic safety commission, who was arrested at Chowchilla on charge of speeding 70 miles an hour, was relieved of his post by Motor Vehicle Director Ray Ingels.

Nielsen will contiune as manager of the Berkeley branch of the motor vehicle department, minus his state car.

COOPERATION OF LOCAL SCHOOL BOARDS ASKED IN ECONOMY PROGRAM

OPINION OF JUDGE TUTTLE UPHELD IN APPELATE COURT

GRASS VALLEY, Jan. 6.— The Third District Court of Appeal has affirmed a decision of Judge Raglan Tuttle of Nevada County, presiding in Amador county, in which the local jurist held constitutional California's civil statute providing for arbitration clauses in commercial contracts.

The opinion was delivered on a decision refusing William G. Snyder a Jackson atorney, a writ of mandate to force Judge Tuttle to hear a $15,000 law suit against Ed. N. Nelson.

Snyder contended the sum was due him for operating expenses under a contract he made with Matson for taking over timber owned by the latter and running a sawmill. The contract included an arbitration clause. The trial judge ruled the dispute should have been settled under it before resorting to the courts.

RELIEF LOAD STILL CLIMBING, REPORT OF GROUP SHOWS

The welfare case load of Nevada county increased 27.8 per cent between January and October of 1937, going from a total of 317 persons in January to 405 in October, according to a study of the relief burden of California counties made by the California Taxpayers' Association.

The welfare case load of the county includes those persons receiving aid to the needy, the blind, orphans and the "unemployable" indigents. The number of persons receiving aid to the needy aged increased from 168 in January to 245 in October; the blind case load went from eight in January to nine in October; orphans totalled 61 in January and 84 in October; while the indigent case load went from 80 in January to 67 in October.

The increase in the welfare case load of the county in sharply reflected in the budget allowances of the county for welfare, which totalled $126,600 for the year 1937-38, as compared with the welfare expenditures by the county for 1936-37 of $79,278, the association pointed out.

Taking the state as a whole, the welfare case went from 133,094 for January to 157,853 for October, an increase of 18.6 per cent, the association stated.

BANK AMERICA SETS NEW RECORD FOR YEAR, REPORT SAYS

All time high marks in deposits, total resources and capital funds of Bank of America at December 31, 1937, have placed the institution on a higher footing even than in 1929.

A year-end statement of condition just released shows that on December 31, 1937, capital funds stood at a total of $109,104,000, highest mark in the 33-year history of the bank and an increase from $105,024,000 at the beginning of the year. This, it is stated, means that all capital funds which were called upon for absorbtion of depression losses have been reinstated, without issuance of any new stock.

On December 31, Bank of America deposits reached the historic mark of $1,357,000,000, an increase of $58,402,000 over the record of 1936. Earnings totalled $19,203,000, equal to $4.80 per share, and dividends paid amounted to $8,800,000, ten per cent higher than the year before. There also was a special Christmas distribution of $400,000 to employes.

Total resources of the bank maintained an upward trend and now stand at the new high of $1,493,373,000, a gain of 4.40 per cent over last year. During 1937 the number of Bank of America branches in California rose to 491, serving 306 communities.
